

Hydraulic Clamp Carrier Machine single face two doors

RMH9213D-200: \$17,950.00

Maximum processing length: 9200mm

Maximum processing thickness: 200mm

Maximum panel width: 1300mm

Main cylinder specifications: HOB80*150mm

Number of main cylinders: 26

Specifications of press cylinders: HOB40*150mm

Number of press cylinders: 26 (in two groups)

Lifting cylinders for press racks: HOB50*350mm

Number of lifting cylinders: 4 (in two groups)

System pressure: 14Mpa

Cylinder control method: manual valve*5 groups of control (1 main pressure + 2 side pressure + 2 press rack lifts)

Installation power: 5.5kw

Dimensions: 9200*1800*2400mm
